

Dear Parents / Legal Guardians:

This school year promises to be exciting and challenging for us. As always, our students will benefit from classroom instruction from textbooks, lectures, experiments, and special projects. In addition, we will plan and schedule many fun-filled and interesting field trips to reinforce the concepts introduced in class.

Clark students will have their educational experiences broadened through field trip opportunities that will be offered to them this school year. Prior to each trip, students who qualify to attend will receive a notice of the specifics of the trip. These particulars will include the date, location, cost, purpose, and student attire for the field trip.

If you would like your child to benefit from these educational field trips, please sign and return this permission slip to your son's or daughter's division or home room teacher.

We thank you and look forward to an exciting year of instruction with your child(ren).
